Site

The Cypress tree T1, as shown on the aerial, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T1) Cypress: 2 metre reduction to height of building, for maintenance

(Works to T2) Evergreen oak will be considered separately under Section 211 Notice reference HGY/2023/0574).

Issues

I hold no objections to the proposed reason works.

The reduction will curtail growth and allow the tree to be in scale with its surroundings.

Recommendation

No Objection
