Application number	HGY/2023/0599
Application type	Conservation Area Notification
Site Address:	21 Granville Road, Hornsey, London, N4 4EJ

RECOMMENDATION:	No Objection	
Application date		
Tree Inspector	DM	Date: rd 2023

Site

The Lime *Tilia* spp. trees, as marked on the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

X2 Lime (T1 & T2): Reduce to previous, most recent points of reduction (approx. 1-2m).

Issues

I hold no objections to the reasonable repeat reduction works to the last pruned and previous points.

The specification is within good arboricultural practice and husbandry.

Limes generally respond well to such reduction works and soon restore their crowns.

Recommendation

No Objection
