Dear Bright Horizons Team,

PROPOSED BASE STATION INSTALLATION AT CTIL_306469 00 & HORNSEY CRICKET CLUB, TIVOLI RD, LONDON N8 8RG (NGR:529643 , 188731)

Cornerstone is the UK's leading mobile infrastructure services company. We acquire, manage and own over 20,000 sites and are committed to enabling best in class mobile connectivity for over half of all the country's mobile customers. We oversee works on behalf of telecommunications providers and wherever possible aim to:

- promote shared infrastructure
- maximise opportunities to consolidate the number of base stations
- significantly reduce the environmental impact of network development

Cornerstone are in the process of progressing suitable sites in the Hornsey area for radio base stations that will improve service provision for VMO2 (trading as O2). The purpose of this letter is to provide you with information on the proposal and the opportunity for you to seek further information should you wish to do so.

As part of VMO2's (trading as O2) continued network improvement program there is a specific requirement for a radio base station at this location to add 3G, 4G and 5G network coverage for VMO2 (trading as O2).

The proposed development consists of the installation of a 20m monopole supporting 6no. antennas and 2no. 300mm dishes, the installation of 2no. cabinets and ancillary works thereto. This site and design have been selected as they provide the technical requirements whilst keeping environmental and visual impact to a minimum.

In the first instance, all correspondence should be directed to the agent.

Cornerstone Planning Consultation Letter to Schools V.2 – 15/04/2021

Registered Address:
Cornerstone Telecommunications, Infrastructure Limited,
Hive 2, 1530 Arlington Business Park, Theale, Berkshire, RG7 4SA.
Registered in England & Wales No. 08087551.
VAT No. GB142 8555 06

 Cornerstone, Hive 2,
1530 Arlington Business Park,
Theale, Berkshire, RG7 4SA

All Cornerstone installations are designed to be fully compliant with the public exposure guidelines established by the International Commission on Non-Ionizing Radiation Protection (ICNIRP). These guidelines have the support of UK Government, the European Union and they also have the formal backing of the World Health Organisation. A certificate of ICNIRP compliance will be included within the planning submission. In fact, because of the very low power utilised by telecommunications sites the emissions will be many times lower than the ICNIRP threshold.

We would welcome your views (within 14 days of the date of this letter).

Should you have any queries regarding this matter, please do not hesitate to contact me (quoting cell number CTIL_306469 00).

Yours faithfully,

Peter Maynard

Dear Catherine West,

**PROPOSED BASE STATION INSTALLATION AT CTIL_306469 00 & HORNSEY CRICKET CLUB,
TIVOLI RD, LONDON N8 8RG (NGR:529643 , 188731)**

Cornerstone is the UK's leading mobile infrastructure services company. We acquire, manage, and own over 20,000 sites and are committed to enabling best in class mobile connectivity for over half of all the country's mobile customers. We oversee works on behalf of telecommunications providers and wherever possible aim to:

- promote shared infrastructure
- maximise opportunities to consolidate the number of base stations
- significantly reduce the environmental impact of network development

As a result, we are consulting with communities in line with Best Practice principles where new telecommunications installations are required.

This letter is sent to you in the pre-planning application consultation phase of the development for a new mobile phone base station site and is simply intended to keep you informed and advised of the proposed development in your area prior to any planning application being submitted. However, if you do wish to submit comments or have been contacted by your constituents in relation to this matter and wish to send us comments on their behalf, please feel free to do so via the following address:

Community Consultation & EMF Enquiries, Hive 2, 1530 Arlington Business Park, Theale, Berkshire, RG7 4SA.
Email: community@cornerstone.network

In the first instance, all correspondence should be directed to the agent.

Cornerstone Planning Consultation Letter to MPs - single site (England) V.2 – 15/04/2021

Registered Address:
Cornerstone Telecommunications, Infrastructure Limited,

VAT No. GB142 8555 06

 Cornerstone, Hive 2,
1530 Arlington Business Park,
Theale, Berkshire, RG7 4SA

What follows is a summary of the proposal and some further information that might be of use.

Summary of the proposal

Cornerstone are in the process of progressing suitable sites in the Hornsey area for radio base stations that will improve service provision for VMO2 (trading as O2). The site is required to add 3G, 4G and 5G network coverage for VMO2.

The proposed development consists of the installation of a 20m monopole supporting 6no. antennas and 2no. 300mm dishes, the installation of 2no. cabinets and ancillary works thereto.

A number of options have been assessed in respect of the site search process, but we consider the best option for the new installation to be at Hornsey Cricket Club, Tivoli Rd, London N8 8RG (NGR:529643 , 188731). This site and design have been selected as they provide the technical requirements whilst keeping environmental and visual impact to a minimum.

The other site options that were considered and then discounted are as follows:

- D1) Highgate Wood School, Montenotte Road, N8 8RN (NGR: 529407 , 188645) - The rooftop of the taller North building block does not appear to be suitable to support a telecommunications mast. One of the flat roofs can be considered but would not be suitable for the network due to their relative lower height comparative to the surroundings. A substantial stub tower would likely be required, which is considered to have a greater visual impact versus the proposed slimline streetpole.
- D2) North London Cricket Club, 12 Montenotte Road, N8 8RL (NGR: 529327 , 188605) - This site location is in a less optimal location to provide coverage to the required coverage area, compared with the proposed site option.
- D3) Highgate Heights, Shepherds Hill, N6 5RF (NGR: 529382 , 188402) - This site location is in a less optimal location to provide coverage to the required coverage area, compared with the proposed site option.
- D4) Altior Court, Shepherds Hill, N6 5RJ (NGR: 529475 , 188380) - This site location is in a less optimal location to provide coverage to the required coverage area, compared with the proposed site option.
- D5) Street Furniture, Street corner of Wolseley Road and Park Road, N8 8SX (NGR: 529903 , 188634) - A recent planning application for a proposed 3UK site has been refused on this corner.

In the first instance, all correspondence should be directed to the agent.

Cornerstone Planning Consultation Letter to MPs - single site (England) V.2 – 15/04/2021

Registered Address:
Cornerstone Telecommunications, Infrastructure Limited,
Hive 2, 1530 Arlington Business Park, Theale, Berkshire, RG7 4SA.
Registered in England & Wales No. 08087551.
VAT No. GB142 8555 06

 Cornerstone, Hive 2,
1530 Arlington Business Park,
Theale, Berkshire, RG7 4SA

In line with Best Practice principles we have shared these details with local councillors, planning officers and in this case Bright Horizons Crouch End Fields Day Nursery & Highgate Wood School.

ICNIRP Compliance

All Cornerstone installations are designed to be fully compliant with the public exposure guidelines established by the International Commission on Non-Ionizing Radiation Protection (ICNIRP). These guidelines have the support of UK Government, the European Union and they also have the formal backing of the World Health Organisation. A certificate of ICNIRP compliance will be included within the planning submission.

Dear Crouch End Ward Councillors,

PROPOSED BASE STATION INSTALLATION AT CTIL_306469 00 & HORNSEY CRICKET CLUB, TIVOLI RD, LONDON N8 8RG (NGR:529643 , 188731)

Cornerstone is the UK's leading mobile infrastructure services company. We acquire, manage, and own over 20,000 sites and are committed to enabling best in class mobile connectivity for over half of all the country's mobile customers. We oversee works on behalf of telecommunications providers and wherever possible aim to:

- promote shared infrastructure
- maximise opportunities to consolidate the number of base stations
- significantly reduce the environmental impact of network development

Cornerstone are in the process of identifying a suitable site in the Hornsey area for a radio base station that will improve service provision for VMO2 (trading as O2).

The purpose of this letter is to consult with you and seek your views on our proposal before any planning submission is made. We understand that you are not always able to provide site specific comments, however, Cornerstone and VMO2 (trading as O2) are committed to consultation with communities on our mobile telecommunications proposals and as such would encourage you to respond.

As part of VMO2's (trading as O2) continued network improvement program, there is a specific requirement for a radio base station at this location to add 3G, 4G and 5G network coverage for VMO2 (trading as O2).

In the first instance, all correspondence should be directed to the agent.

Cornerstone Planning Consultation Letter to Councillors - Standard V.3 – 15/04/2021

Registered Address:
Cornerstone Telecommunications, Infrastructure Limited,

VAT No. GB142 8555 06

 Cornerstone, Hive 2,
1530 Arlington Business Park,
Theale, Berkshire, RG7 4SA

Mobiles can only work with a network of base stations in place where people want to use their mobile phones or other wireless devices. Without base stations, the mobile phones, and other devices we rely on simply won't work.

Our technical network requirement is as follows:

- CTIL_306469 00 (VMO2 (trading as O2)) & Hornsey Cricket Club
- To add 3G, 4G and 5G network coverage for VMO2 (trading as O2).

A number of options have been assessed in respect of the site search process and we consider the best solution is as follows:

- Hornsey Cricket Club, Tivoli Rd, London N8 8RG (NGR:529643 , 188731)
- The proposed development consists of the installation of a 20m monopole supporting 6no. antennas and 2no. 300mm dishes, the installation of 2no. cabinets and ancillary works thereto.
- This site and design have been selected as they provide the technical requirements whilst keeping environmental and visual impact to a minimum.

We have considered alternative site options and discounted as follows:

- D1) Highgate Wood School, Montenotte Road, N8 8RN (NGR: 529407 , 188645) - The rooftop of the taller North building block does not appear to be suitable to support a telecommunications mast. One of the flat roofs can be considered but would not be suitable for the network due to their relative lower height comparative to the surroundings. A substantial stub tower would likely be required, which is considered to have a greater visual impact versus the proposed slimline streetpole.
- D2) North London Cricket Club, 12 Montenotte Road, N8 8RL (NGR: 529327 , 188605) - This site location is in a less optimal location to provide coverage to the required coverage area, compared with the proposed site option.
- D3) Highgate Heights, Shepherds Hill, N6 5RF (NGR: 529382 , 188402) - This site location is in a less optimal location to provide coverage to the required coverage area, compared with the proposed site option.

In the first instance, all correspondence should be directed to the agent.

 Cornerstone, Hive 2,
1530 Arlington Business Park,
Theale, Berkshire, RG7 4SA

- D4) Altior Court, Shepherds Hill, N6 5RJ (NGR: 529475 , 188380) - This site location is in a less optimal location to provide coverage to the required coverage area, compared with the proposed site option.
- D5) Street Furniture, Street corner of Wolseley Road and Park Road, N8 8SX (NGR: 529903 , 188634) - A recent planning application for a proposed 3UK site has been refused on this corner.

The Local Planning Authority mast register and the Development Plan have been taken into account and the planning history of the site has been examined.

All Cornerstone installations are designed to be fully compliant with the public exposure guidelines established by the International Commission on Non-Ionizing Radiation Protection (ICNIRP). These guidelines have the support of UK Government, the European Union and they also have the formal backing of the World Health Organisation. A certificate of ICNIRP compliance will be included within the planning submission.

In order to give you time to send your comments or request further information, we commit to allow at least 14 days before an application is submitted to the Local Planning Authority. This 14-day period starts from the date at the top of this letter.

We would also be grateful if you could please advise of any local stakeholders or groups that might like to make comments.

We look forward to receiving any comments you may have on the proposal.

Should you have any queries regarding this matter, please do not hesitate to contact me (quoting cell number CTIL_306469 00).

Yours sincerely,

Peter Maynard

Dear Sir/Madam,

**PROPOSED BASE STATION INSTALLATION AT CTIL_306469 00 & HORNSEY CRICKET CLUB,
TIVOLI RD, LONDON N8 8RG (NGR:529643 , 188731)**

Cornerstone is the UK's leading mobile infrastructure services company. We acquire, manage and own over 20,000 sites and are committed to enabling best in class mobile connectivity for over half of all the country's mobile customers. We oversee works on behalf of telecommunications providers and wherever possible aim to:

- promote shared infrastructure
- maximise opportunities to consolidate the number of base stations
- significantly reduce the environmental impact of network development

Cornerstone are in the process of progressing suitable sites in the Hornsey area for radio base stations that will improve service provision for VMO2 (trading as O2). We aim to work with you to progress a proposal that is both acceptable to your authority and meets our customer's technical network requirements. This approach accords with Cornerstone's Best Practice Commitments to ensure consultation with Local Planning Authorities and other appropriate key stakeholders.

As part of VMO2 (trading as O2) continued network improvement program, there is a specific requirement for a radio base station at this location to add 3G, 4G and 5G network coverage for VMO2 (trading as O2).

Mobiles can only work with a network of base stations in place where people want to use their mobile phones or other wireless devices. Without base stations, the mobile phones and other devices we rely on simply won't work.

This letter therefore invites the Local Planning Authority, in accordance with planning policy guidance and Best Practice Commitments, to enter into pre-application discussions with regard to our preferred site option prior to a formal planning

In the first instance, all correspondence should be directed to the agent.

Cornerstone Planning Consultation Letter to LPA V.2 – 15/04/2021

Theale, Berkshire, RG7 4SA

submission. Several steps in the site identification process have already been undertaken. The Local Planning Authority mast register and the Development Plan have been taken into account and we have examined the inter-operator site sharing database.

Our technical network requirement is as follows:

- CTIL_306469 00 (Cornerstone, VMO2 (trading as O2)) & Hornsey Cricket Club
- To add 3G, 4G and 5G network coverage for VMO2(trading as O2).

A number of options have been assessed in respect of the site search process and the preferred VMO2 (trading as O2) option is as follows:

- Hornsey Cricket Club, Tivoli Rd, London N8 8RG (NGR:529643 , 188731)
- The proposed development consists of the installation of a 20m monopole supporting 6no. antennas and 2no. 300mm dishes, the installation of 2no. cabinets and ancillary works thereto.
- This site and design have been selected as they provide the technical requirements whilst keeping environmental and visual impact to a minimum.

Alternative site options considered and rejected are as follows:

- D1) Highgate Wood School, Montenotte Road, N8 8RN (NGR: 529407 , 188645) - The rooftop of the taller North building block does not appear to be suitable to support a telecommunications mast. One of the flat roofs can be considered but would not be suitable for the network due to their relative lower height comparative to the surroundings. A substantial stub tower would likely be required, which is considered to have a greater visual impact versus the proposed slimline streetpole.
- D2) North London Cricket Club, 12 Montenotte Road, N8 8RL (NGR: 529327 , 188605) - This site location is in a less optimal location to provide coverage to the required coverage area, compared with the proposed site option.
- D3) Highgate Heights, Shepherds Hill, N6 5RF (NGR: 529382 , 188402) - This site location is in a less optimal location to provide coverage to the required coverage area, compared with the proposed site option.
- D4) Altior Court, Shepherds Hill, N6 5RJ (NGR: 529475 , 188380) - This site location is in a less optimal location to provide coverage to the required coverage area, compared with the proposed site option.

In the first instance, all correspondence should be directed to the agent.

 Cornerstone, Hive 2,
1530 Arlington Business Park,
Theale, Berkshire, RG7 4SA

- D5) Street Furniture, Street corner of Wolseley Road and Park Road, N8 8SX (NGR: 529903 , 188634) - A recent planning application for a proposed 3UK site has been refused on this corner.

We look forward to receiving your comments on the preferred option identified above and alternatives discounted. We would also like to take this opportunity to extend an invitation to meet with you to discuss the proposal and undertake a tour of the options considered, should you consider this to be beneficial.

All Cornerstone installations are designed to be fully compliant with the public exposure guidelines established by the International Commission on Non-Ionizing Radiation Protection (ICNIRP). These guidelines have the support of UK Government, the European Union and they also have the formal backing of the World Health Organisation. A certificate of ICNIRP compliance will be included within the planning submission.

We would be grateful if you could advise us of any pending telecommunications applications or recent planning decisions in this particular area so these can be evaluated.

Finally, we would be interested in any local stakeholders or groups that you consider would like to know more about our proposals.

We enclose a copy of our Consultation Plan and welcome your suggestions.

We look forward to receiving your response within 14 days of the date of this letter.

Should you have any queries regarding this matter, please do not hesitate to contact me (quoting cell number CTIL_306469 00).
