Application date	24/02/2023	
Tree Inspector	DM	Date: 28 th March 2023

Site

The Leylandii Conifer trees, as marked on the sketch plan and seen within the photographs, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Row of conifers at bottom of garden of 30 Alexandra park road growing along boundary fence of 61 Curzon road,

From 61 Curzon road cut back conifers to boundary.

Issues

I hold no objections to the proposed works that amounts to practicing ones Common Law Right of pruning back to the boundary from one side and offering the arisings back to the adjacent land owner.

These large Leylandii are often oppressive within small gardens.

The screening and density of foliage will not be affected.

Recommendation

No Objection
