

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

Application number	HGY/2023/0660
Application type	Conservation Area Notification
Site Address:	2 Glasslyn Road, Hornsey, London, N8 8RH
Proposal	Removal of Leylandii trees and replacement with similar type of tree in regular spaced intervals and with more distance from the line of junction with 62 Wolseley Road / 2 Glasslyn Road.

RECOMMENDATION:	No Objection	
Application date	07/03/2023	
Tree Inspector	DM	Date: 29 th March 2023

Site

The Leylandii trees, as marked on the plan and shown in the photographs, are situated in the rear garden of the property. They are indiscernibly publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Removal of Leylandii trees and replacement with similar type of tree in regular spaced intervals and with more distance from the line of junction with 62 Wolseley Road / 2 Glasslyn Road.

Issues

I hold no objects to the removal of the group of Leylandii conifers.

The trees are of poor form, grade, have been previously topped to manage as a hedge, and would score low when using a methodology to rate their worthiness for a Tree Preservation Order.

The resident intends to re plant for the loss and the screening that is offered by a line of trees in this location.

I would recommend Hornbeam (*Carpinus betulus*).

Recommendation

No Objection
