Site

The Conifer tree T1 is situated in the front garden of the property. It is publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Five Day Notice:

T1 Conifer in front garden - approx. 50' tall, very close to house

Causing severe damage underground and issues with Thames Water

Fell to 1.2m

Issues

I hold no objections to the removal of the conifer that is causing issues with underground services under a five day notice.

The tree is out of scale to its surroundings and would score relatively low using a methodology to rate its worthiness for a tree preservation order.

Recommendation

No Objection
