Site

The various trees T25, T26a, T29, 34, and 36 are situated mainly in the rear of the communal garden of the property. T34 and T36 are indiscernibly publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works. I am familiar with the site.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Works to trees numbered 25, 26a, 29, 34 and 36 on tree condition survey (the remainder will be dealt with under application reference HGY/2023/0025 as those trees are protected by a Tree Preservation Order).

Issues

I hold no objections to the proposed reasonable tree pruning works.

The specification is within good arboricultural practice and husbandry.

Recommendation

No Objection
