Description of Proposed Works

Please describe the proposed works

We are planning to have a 3 meter rear kitchen extension to our family home and would like to submit the following proposal for planning consent. We have tried to make the extension less "blocky" and bulky whilst allowing for better natural daylight and maintaining views to the garden from the existing rear reception, existing kitchen and new kitchen extension. We are also proposing to install a green living roof to further soften the building and integrate it into the garden. We would like to add the following observations to our application: 1. As you are aware, the houses in Ravenstone Road are in groups of four with either side of the groups having a side access as does their neighbour adding a further meter to the width of each property and therefore approximately 2 meters of additional distance (the width of two side alleys) between any extension. The distance between our neighbour would therefore be a little over 4 meters (415cm approx.). Number 17 has side and rear extension - extending beyond the kitchen by approx 10 feet plus. Also it has a flat roof and extends to the rear of the kitchen by over 4 meters. Indeed, Number 21 extends by 15.2 feet or over 4 meters. 31 and 29 are completely flat roofed extensions whilst 21 is mainly flat roofed with a small sloping roof into the garden at the end. 23 has part of the rear extension exceeding 3 meters. Numbers 2 and 18 Ravenstone Road appears to have already done what we are proposing. Similarly, 11 Malvern road, the next road along from Ravenstone had also done the same.

Has the work already been started without consent?

Email transcript from Ms Adjagboni

"Below is a summary of my comments on the phone:

The application was refused because the extension wraps around to the side. With prior approval applications, it can only extend to the rear of the property.

With you new application you have the option of keeping the depth the same, but significantly reducing the eave's height on the boundary with No. 27 to 2.3m; or Keeping the height the same (about 3m) but reducing the depth to 3m."

We have accepted the recommendation on the latter - keeping the height the same but reducing the depth to 3m.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No
