Site

The Sycamore trees T1 and T2 are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

X2 Sycamore (T1&T2): Reduce all round by 2-3m

Issues

I hold no objections to the proposed pruning works.

The trees are low grade and would not be considered worthy of a Tree Preservation Order.

The specification is within good arboricultural practice and husbandry.

Recommendation

No Objection
