Site

The Evergreen Holm Oak tree T2, as shown in the aerial, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Works to tree protected by a TPO

T2) Evergreen Oak: 2 metre crown reduction away from building, due to proximity to building (Works to T1) Cypress will be considered separately under Section 211 Notice reference HGY/2023/0576).

Issues

I hold no objections to the proposed pruning tree works to the Holm Oak T2.

The specification is within good arboricultural practice and husbandry.

This is just pulling back from the structure to give clearance and is standard practice.

Recommendation

No Objection
