- No responses

2. REASONS FOR GRANTING PERMISSION

2.1 The subject site is forms part of a mixed-use terrace with shops at the ground floor and flats above. The site is not located within any conservation area and does not fall within the curtilage of a listed building.

2.2 The planning history of the site has been taken into account when coming to this decision.

2.3 The proposal is for a modest rear dormer extension that would be finished in similar materials and have a volume of 15m3. The proposal is smaller in scale to a previously refused certificate of lawfulness that was refused as the site does not benefit from permitted development rights.

2.4 The proposal is considered proportionate and subordinate to the host building and is in keeping with the pattern of development in the area. Therefore, the local character and visual amenity of the area will be protected.

2.5 The height and depth of the extension would not result in a material loss of sunlight or daylight, or have an overbearing appearance to the neighbouring property. There will be no material loss of privacy to neighbouring properties. The proposal is acceptable in amenity terms.

2.6 The proposed development is in general accordance with Policies DM1, and DM12 of the Development Management, Development Plan Document 2017, and policies SP11 and SP12 of Haringey's Local Plan Strategic Policies 2017. The proposed development also accords with the relevant policies of the London Plan 2021 and the NPPF.

2.7 All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above.
