Subject: PH comment on planning application HGY/2023/0781

Hi Kwaku,

Hope you're having a good day.

Public Health have a comment on planning application HGY/2023/0781 at 441 West Green Road, N15 3PL (2 x Ground floor duplex apartments converted from existing ground and basement commercial unit). We are concerned by the lack of provision of adequate natural light in all habitable rooms of the flats, notably the rooms in the basement the kitchen/ dining spaces, and the negative health implications this would have on potential residents. Should we submit this online?

Also on a side note, if possible, please can we be involved in pre-app discussions for the stie: Arundel Court and Baldewyne Court, Lansdowne Road, Tottenham, London, N17 0LR.

Many thanks,
Catriona
