Dear Kurt,

Thank you for your email (and, Ian, thank you for forwarding it!) – I do apologise that the Council's formal response to your Six Week Notice application has not yet been provided.

Unfortunately Daniel Monk (our Senior Arboricultural Officer [Planning], who would normally provide that formal response), is currently on leave, and so I've copied the Principal Tree & Nature Conservation Manager, Alex Fraser, into this response for him to liaise directly with you instead – if it's at all possible that you could 'hold fire' until you've heard back from Alex, it would be very much appreciated.

Thank you so much for your patience and understanding -

Kind regards,

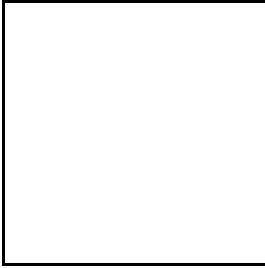

James.

Hi Ian
have an application that is past it's deadline at 40 Cecil road
Am I all good to go ahead with the works?
Many thanks, Kurt
