1. REPRESENTATIONS

1.1 No representations were received in response to notification and publicity of the application.

2. REASONS FOR GRANTING PERMISSION

2.1 The subject site is an end-of-terrace semi-detached two storey dwellinghouse, finished in appealing red brickwork on the front elevation. The site has had a rear dormer roof extension, however the two-storey elements at the rear appear to be original. The site is not located within any conservation area and does not fall within the curtilage of a listed building.

2.2 The planning history of the site has been taken into account when coming to this decision.

2.3 The proposal seeks the erection of a small ground floor rear extension, 2.47m in depth, 1.65m in width, and 2.93m in height, along with alterations in the shape and fenestration of an existing two-storey outrigger style portion of the original dwellinghouse.

2.4 The proposed rear addition would facilitate the creation of a spacious kitchen dining area, and is considered to be modest in size. The proposed rear addition would not impact on neighbouring amenity as the semi-detached nature of the host dwellinghouse means the view from neighbouring windows is not disrupted.

2.5 The proposed alterations to fenestration would create a bright open space on the lower ground floor, and facilitate a double height ceiling in the central hallway. The changes to fenestration would provide a contemporary appearance and relate to the rear elevation and not to the front.

2.6 The proposal is considered proportionate and subordinate to the host building and is in keeping with the pattern of development in the area. Therefore, the local character and visual amenity of the area will be protected.

2.7 The height and depth of the extension would not result in a material loss of sunlight or daylight, or have an overbearing appearance to the neighbouring property. There will be no material loss of privacy to neighbouring properties. The proposal is acceptable in amenity terms.

2.8 The proposed development is in general accordance with Policies DM1 and DM12 of the Development Management, Development Plan Document 2017, and policy SP11 of Haringey's Local Plan Strategic Policies 2017. The proposed development also accords with the relevant policies of the London Plan 2021 and the NPPF.

2.9 All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above.
