PROPOSED DEVELOPMENT AND LOCATION DETAILS

Proposed Development

This is an application for the construction of a rear loft extension

Site and Surroundings

The application site is a two storey mid terrace building consisting of two self contained flats, situated on the Northern side of Lordship Lane. The site is not located within a conservation area, it is not a listed building nor are there any TPO's on the site.

Relevant Planning and Enforcement History

The most recent planning history in relation to the site is as follows:

None relevant

LOCAL REPRESENTATIONS

The application has been publicised by way of 14 neighbour consultation letters. No representations received from neighbours, local groups, etc in response to notification and publicity of the application.

MATERIAL PLANNING CONSIDERATIONS

The main planning considerations raised by the proposed development are:

1. Design and appearance;
2. Impact on neighbouring amenity;

Design and appearance

DPD Policy DM12 'Housing Design and Quality' states that extensions or alterations to residential buildings, including roof extensions will be required to be of a high, site specific, and sensitive design quality, and respect and/ or complement the form, setting, period, architectural characteristics, detailing of the original building, including external features such as chimneys, and porches. High quality matching or complementary materials should be used appropriately and sensitively in relation to the context.

DPD Policy DM1 'Delivering High Quality Design' requires development proposals to relate positively to their locality, while Local Plan (2017) Policy SP11 requires the highest standard of design that respects local context and character and historic significance, which is equally supported by London Plan (2021) Policy D6.

The design of the proposal is simple, subservient and considered acceptable. The materials proposed compliments the application dwelling ad there are other examples of similar rear dormers within the row.

Impact on neighbouring amenity

London Plan Policy D6 outlines that design must not be detrimental to the amenity of surrounding housing, in specific stating that proposals should provide sufficient daylight and sunlight to surrounding housing that is appropriate for its context, while also minimising overshadowing. London Plan Policy D14 requires development proposals to reduce, manage and mitigate noise impacts.

DPD Policy DM1 'Delivering High Quality Design' states that development proposals must ensure a high standard of privacy and amenity for a development's users and neighbours. Specifically, proposals are required to provide appropriate sunlight, daylight and aspects to adjacent buildings and land, and to provide an appropriate amount of privacy to neighbouring properties to avoid overlooking and loss of privacy and detriment to amenity of neighbouring resident.

The application proposes a rear dormer, there is considered to be an acceptable distance between the proposal dwelling and those houses to the rear, as to not adversely impact the amenities of these properties. It is not considered the proposal would adversely impact neighbouring amenity by way of overbearingness, loss of daylight/sunlight or loss of privacy and is therefore considered acceptable.

Conclusion

The proposal is considered acceptable in terms of design and neighbouring amenity and complies with relevant planning policy.

All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above. The details of the decision are set out in the RECOMMENDATION.

CIL APPLICABLE

The increase in internal floor area would not exceed 100 sq.m. and therefore the proposal is not liable for the Mayoral or Haringey's CIL charge.

RECOMMENDATION

GRANT PERMISSION subject to condition(s):

Conditions:

- 1 The development to which this permission relates must be begun no later than three years from the date of this decision notice, failing which the permission shall be of no effect.

Reason: This condition is imposed by virtue of Section 91 of the Town and Country Planning Act 1990 and to prevent the accumulation of unimplemented planning permissions.

- 2 The development hereby permitted shall be carried out in complete accordance with the approved plans and drawings listed in this decision notice, other than where those details are altered pursuant to the conditions of this planning permission.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 The external materials to be used for the proposed development shall match in colour, size, shape and texture those of the existing building.

Reason: In order to ensure a satisfactory appearance for the proposed development, to safeguard the visual amenity of neighbouring properties and the appearance of the locality consistent with Policy D3 of the London Plan 2021, Policy SP11 of the Haringey Local Plan 2017 and Policy DM1 of The Development Management DPD 2017.
