If an objection is received within 21 days, the Local Planning Authority must make a judgement as to whether there will be an impact on amenity from the proposed extension. If the LPA considers that there will be an impact, then they have to send a notice to the owner stating that prior approval is required, and that it is refused. This has to be done within 42 days (6 weeks) of receipt of the application. If it is not sent to the applicant within 42 days, then it is deemed that the proposal is acceptable.

An objection has been received from a neighbouring property raising concerns about the height and depth of the proposed extension and its potential negative impact on their amenity in terms of loss of light, loss of outlook, overbearing relationship and privacy. While the proposed extension would not impact on the neighbours privacy, it would due to its size have an overbearing relationship with the un-extended neighbouring property at 78 Lealand Road, and an unacceptably harmful impact on the daylight, outlook and sense of enclosure of that property to the detriment of the occupiers residential amenity and contrary to policy SP11 of the Haringey Local Plan 2017, policy DM12 of Haringey's Development Management DPD 2017 and policy D6 of the London Plan 2021.

RECOMMENDATION

The determination of this applications for prior approval is carried out under Schedule 2, Part 1 Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015. An objection has been received and therefore the prior approval of the Local Planning Authority is required and, in this instance is refused for the following reason(s):

Refusal Reasons:

The extension would have an adverse effect on the amenity of neighbouring residents by reason of a material loss of light and outlook and increased sense of enclosure and thereby is contrary to the amenity considerations set out in policy SP11 of the Haringey Local Plan 2017, policy DM12 of Haringey's Development Management DPD 2017 and policy D6 of the London Plan 2021.
