Quote Prepared For CHRIS PMA STUDIOS on 20 December 2022

CHRIS PMA STUDIOS

Date: 20/12/2022

Quote: Q5477-1

Dear CHRIS PMA STUDIOS

Thank you for asking us to quote for your new heating system.

Electric Heating Company Ltd has been in the industry for over 15 years. All our staff are trained and certified to the highest standard and are committed to deliver products & services that meet your requirements.

We only provide products that are fully tested prior to leaving the factory. If you would like any further details, please let us know and we will be very happy to provide you with the relevant information.

Your quotation includes all the items as per your request with the total price being £14,564.27 + VAT (£17,477.12 inc. VAT), which is clearly detailed overleaf.

Our Terms & Conditions can be viewed online at www.electric-heatingcompany.co.uk/terms-of-use

Once again thanks for your request and we value your custom.

Should you have any questions, please do not hesitate to contact us.

Yours Sincerely

Craig Thorburn

Product Specifications

Description:

COMET 14.4KW/180L ELECTRIC BOILER c/w INDIRECT CYLINDER

Product Code:

EHCCOM15/180IND

Category:

Boiler Package

Height:

Width:

Depth:

Weight:

Circuit Protection:

Minimum Cable Size:

Load Current:

Voltage:

BTU Output:

Temperature Range:

The Indirect Cylinder package allows your central heating and hot water to be controlled from the same programmer.

With this package the electric boiler heats your radiators and the hot water cylinder via the cylinders internal coil. This setup results in a much faster reheat over a conventional direct cylinder. The package provides the installer with all the necessary controls to s-plan control system. The controls are supplied loose allowing the installer maximum flexibility for installation and location of the system and all of the system components.

The following Products Are Included in this Package;

Warranty:

Rated Power:

ERP Rating:

Capacity:

Warranty: 5 Years

Rated Power: 14400 Watts

ERP Rating: D

Capacity: NA

Description: COMET 14.4KW ELECTRIC SYSTEM BOILER

Product Code: EHCCOM15KW

Category: Electric Boiler

Height: 710mm

Width: 418mm

Depth: 252mm

Weight: 25kg

Circuit Protection: 80 Amps

Minimum Cable Size: 16mm²

Load Current: 64 Amps

Voltage: 240V

BTU Output: 49134

Temperature Range: 20 - 85°C

Warranty: 25 Years

Rated Power:

ERP Rating: C

Capacity: 180L

Description: NEPTUNE 180L INDIRECT UNVENTED S/S CYLINDER

Product Code: NIND180L

Category: Unvented Cylinders

Height: 1308mm

Width: 550mm

Depth: 550mm

Weight: 37kg

Circuit Protection: 16 Amps

Minimum Cable Size: 2.5mm²

Load Current: 13 Amps

Voltage: 240V

BTU Output:

Temperature Range: 65°C

**Warranty:**

Rated Power:

ERP Rating:

Capacity:

Description: EHC TWIN CHANNEL HEATPACK

Product Code: EC10011

Category: Accessories/Controls

Height: The Twin Channel Heat Pack is designed to accompany the Fusion Comet System Boiler to achieve a Heat & Hot Water (S-Plan) system installation.

Width::

Depth:

Weight: The Heat Pack Includes the following components;

Circuit Protection:

Minimum Cable Size:

Load Current:

Voltage:

BTU Output:

Temperature Range:

1x Twin Channel Programmer (EC10002)

1x Room Thermostat (EC10012)

1x Wiring Centre (EC10010)

2x 22mm 2 Port Zone Valve (EC10008)

1x Filling Loop (CB92)

1x MagnaClean Pro 3 Sense Filter (CB155)

1x Adey MC1+ Inhibitor (CB157)

1x Adey MC3 System Cleaner (CB156)
