

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4,
Alexandra House, Station
Road, N22 7TY

Application number	HGY/2023/0534
Application type	Tree Preservation Order application
Site Address:	Melisa Court, 21 Avenue Road, Hornsey, London, N6 5DH
Proposal	Trees labelled T1 T2 T3 in sketch plan provided are large mature oak trees which require full crown reductions of 3meters. This will increase light-flow in surroundings, improve tree maintenance and reduce any risk of decaying or failing limbs. There is significant amounts of deadwood within the trees canopies which will of course be removed, but this indicates further a need for a crown reduction to relieve some stress on the lateral limbs in particular. The cuts will be made to sufficient growth points to encourage good regrowth keeping aesthetic look of the trees in keeping with its current form and surroundings. There is also quite a large amount of ivy growth which should be removed to prevent any issues.

RECOMMENDATION:	No Objection	
Application date	22/02/2023	
Tree Inspector	DM	Date: 24 th April 2023

Site

The mature Oak *Quercus* spp. trees T1-T3, as marked on the plan and shown in the photographs, are situated in the rear communal garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The trees are protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Trees labelled T1 T2 T3 in sketch plan provided are large mature oak trees which require full crown reductions of 3meters. This will increase light-flow in surroundings, improve tree maintenance and reduce any risk of decaying or failing limbs. There is significant amounts of deadwood within the trees canopies which will of course be removed, but this indicates further a need for a crown reduction to relieve some stress on the lateral limbs in particular. The cuts will be made to sufficient growth points to encourage good regrowth keeping aesthetic look of the trees in keeping with its current form and surroundings. There is also quite a large amount of ivy growth which should be removed to prevent any issues.

Issues

I hold no objections to the proposed reasonable works.

The specification is within good arboricultural practice and husbandry.

Recommendation

No Objection
