Site

The Cypress tree T1, as marked on the sketch plan and seen in the photograph, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Woodside Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T1 - Cypress tree (10m, 0.9m) - take down to ground level.

Issues

I hold no objections to the removal of the Cypress tree.

The tree has poor morphology, is low grade, and not worthy of a Tree Preservation Order (TPO) when using a methodology to rate its worthiness for a TPO.

Cypress trees can be over dominant and oppressive when planted in the wrong location.

Recommendation

No Objection
