Eligibility

This permitted development right was amended on 1 August 2021 to no longer include changes of use from shops and financial/professional services.

If your proposed change of use is from Use Class E (e.g. from shops or financial/professional services):

- You should not continue with this application as it will be refused by the Local Authority and you may not be eligible for a refund.
- There are now specific permitted development rights to cover changes of use from Use Class E (e.g. from shops; or financial/professional services) to Use Class C3 (dwellinghouses) that require a 'Prior Approval: Change of use - commercial/business/service to dwellinghouses' application.

If your proposed change of use is from a Sui Generis use (e.g. a takeaway; betting office; pay day loan shop; or launderette), then this type of application is still valid for eligible proposals.

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

The questions below will help determine if the proposals are eligible for this permitted development right.

Please note: Any new dwellinghouse will only be eligible for permitted development rights if it has a gross internal floor area of at least 37 square metres, and complies with the [nationally described space standard](#).

Was the use of the building on 20th March 2013 (or the last use before that date) one of the following:

- a betting office, pay day loan shop or launderette; or
- a mixed use combining use as a dwellinghouse with one of the above uses;
- a Hot Food Takeaway

☒ Yes

☐ No

Will the total combined floor space in the building (previously and in this proposal) changed to Class C3 (Dwellinghouses) exceed 150 square metres?

☐ Yes

☒ No

Will the external dimensions of the resulting building extend beyond the existing building at any point?

- ☐ Yes
☒ No

Is the building:

- in a conservation area;
- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site;
- in a site of special scientific interest;
- in a safety hazard area;
- in a military explosives storage area;
- a listed building; or
- a scheduled monument.

- ☐ Yes
☒ No

Description of Proposed Works, Impacts and Risks

Please describe the proposed development, including (from 1 August 2020) details on the provision of adequate natural light in all habitable rooms of the dwellinghouses

Proposed conversion of Launderette (Sui Generis) to 1 no. one-bedroom flat (1b 2p) and all associated works at 80a White Hart Lane, N17 8HP

Are any associated building works or other operations required to make this change?

Note that such works are restricted to those reasonably necessary to convert the building for use as a dwellinghouse (including partial demolition).

- ☒ Yes
☐ No

If yes, please provide details of the design and external appearance of the building in regard to these building works or other operations (including partial demolition)

Opening of a new window to allow natural light and ventilation

What will be the net increase in dwellinghouses?

This figure should be the number of dwellinghouses proposed by the development that is additional to the number of dwellinghouses on the site immediately prior to the development.

1

Please provide details of any transport and highways impacts and how these will be mitigated:

Car-free development
PTAL 4
CPZ

Please provide details of any contamination risks and how these will be mitigated:

Not relevant

Please provide details of any flooding risks and how these will be mitigated.

A flood risk assessment should accompany the application where the site:

- is in Flood Zones 2 or 3; or
- is in an area with critical drainage problems (such areas will have been notified to the Local Planning Authority by the Environment Agency).

[Check if your site location is in Flood Zone 2 or 3 online.](#)

Check with your Local Planning Authority to see if your site is in an area with critical drainage problems.

See appended documents

If the building's current use is a Launderette, please provide details of the impact on the adequate provision of local services based on the loss of the Launderette.

For example:

- Would there be a reasonable prospect of the building being used as a Launderette going forward?
- Would unique Launderette facilities be lost from the area if the use is changed?

Launderettes are a declining business as most people have washing machines at home and the need for such premise has been declining in the last few years. Apart from the increase in number of people with washing facilities at home, the loss of parking in the area and the placing of a massive concrete flowerbed directly in front of the shop have affected the business and currently, it is extremely difficult to operate any sort of business from this site. Furthermore, the business running costs (aggravated by the rise of the energy cost) together with the loss of clientele are not making the business sustainable.

For this reasons, it is very unlikely that the premises will be used as launderette or any other type of business in the future.

(Please note that legislative changes on 1 August 2021 reduced the scope of this question to be specific to Launderettes. Answer the question 'Not relevant' if this is not the current use of the building)

Site information
