

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

Application number	HGY/2023/0748
Application type	Conservation Area Notification
Site Address:	Ground Floor Flat, 42 Alexandra Park Road, Hornsey, London, N10 2AD
Proposal	Poplar (T1) - fell because tree is in poor condition; rotting, has bracket fungus and covered in ivy.

RECOMMENDATION:	No Objection	
Application date	16/03/2023	
Tree Inspector	DM	Date: 26 th April 2023

Site

The mature Poplar *Populus* spp. T1 tree, as marked on the plan and shown in the photographs and video, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Poplar (T1) - fell because tree is in poor condition; rotting, has bracket fungus and covered in ivy.

Issues

I hold no objections to the proposed tree works.

The past high pollard Poplar is over mature, fast growing short lived and weak wood. Pollard trees hollow out over time.

It is clear from the photographs and video that the tree's stem at the base has a sheer crack and severe decay.

There is a condition to re plant dead, dying and dangerous trees in a Conservation Area.

Recommendation

No Objection

Condition: re plant 10-12cm girth *Prunus* spp.
