

PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

Application number	HGY/2023/0854
Application type	Conservation Area Notification
Site Address:	18 Sheldon Avenue, Hornsey, London, N6 4JT
Proposal	Rear Garden – T1 - Mimosa – Crown thin by 20%. Crown reduce back towards previous reduction points by approx. 1-2m T2 - Silver Birch – Poor Condition with bracket fungus and die back. Has historically lost a limb due to the fungal infection – Fell to ground level and poison stump.

RECOMMENDATION:	No Objection	
Application date	27/03/2023	
Tree Inspector	DM	Date: 2 nd May 2023

Site

The Mimosa T1 & Birch T2 trees are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Rear Garden –

T1 - Mimosa – Crown thin by 20%. Crown reduce back towards previous reduction points by approx. 1-2m

T2 - Silver Birch – Poor Condition with bracket fungus and die back. Has historically lost a limb due to the fungal infection – Fell to ground level and poison stump.

Issues

I hold no objections to the proposed tree work.

The specification for T1 is reasonable and within good arboricultural practice. From the photographs, it is clear that the Birch T2 is in a state of decline.

Birch trees are a short lived species.

Recommendation

No Objection
