Site

The Olive tree T1 is situated in the front garden of the property. It is publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T1 Olive tree in front garden of property: reduce height and width by approximately 50% and thin.

Issues

I hold no objection to the proposed reduction.

The Olive tree has come to slightly dominate the small front garden. This will keep the tree to scale.

Recommendation

No Objection
