Site

The Holm Oak trees T1 & T2, as marked on the plan and seen within the photograph, are situated in the front communal garden of the property. They are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Muswell Hill Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T1 Small Holm Oak, reduce lateral growth over car park by 2m to clear

T2 Large Holm, reduce by 1m approx., head in and thin by 20%.

Issues

I hold no objections to the proposed reasonable works that are within good arboricultural practice and husbandry.

Holm Oaks generally respond well to such pruning works.

Recommendation

No Objection
