Site

The various trees T1- T6, as marked on the plan and seen in the photographs, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

No1 Cherry tree: Reduce height by up to 2 meters, reduce sides by up to 1 meter

No2 Maple tree: Fell to ground level

No3 Cherry tree: Reduce height by up to 2 meters, reduce sides by up to 1 meter

No4 Cherry tree: Reduce height by up to 1.5 meters, reduce sides by up to 1 meter

No5 Cherry tree: Reduce height by up to 1.5 meters, reduce sides by up to 1 meter

No6 Silver Birch: Fell to ground level.

Issues

I hold no objections to the proposed tree works.

The garden is narrow (5m wide) and planted with woodland species. The works will create space amongst these six trees that have been closely planted.

Recommendation

No Objection
