Dear Sir/ Madam,

RE: Redcorn and the London Borough of Havering

The London Borough of Havering's Enforcement Service have been working with our partner agency, Redcorn, for over 12 years.

During this time Redcorn has been integral to ensuring statutory Local Authority services are carried out. The timely removal of vehicles either in an abandoned condition or untaxed on the public highway plays a crucial role in protecting the amenity of highway and its users.

Redcorn's services have also been used in a Community Safety and Environmental Protection aspect where a joint operation led to a seizure and storage of a vehicle involved in fly tipping and illegal incursions on the Public Highway. Removing offending vehicles benefits the Borough by way of displacing or completely stopping associated criminal activity

Redcorn partnership with Havering has offered a reliable, timely and professional service, often at short notice. Redcorn's dependable service offers confidence in the Havering's Enforcement Service being able to carry out our primary duties

Sincerely

Adam Powell, Senior Officer- Environmental Enforcement Team
