Hackney Council

Dear Sir/Madam,

RE: Redcorn and The London Borough of Hackney

The London Borough of Hackney's Parking Services and Redcorn have been working together directly since 1st of April 2022 and on a sub-contractor basis for over 10 years.

Redcorn fulfil a valuable service by providing the following:

- Removal, storage and disposal of untaxed vehicles
- Removal, storage and disposal of abandoned vehicles
- Removal, storage and disposal of nuisance vehicles and regular parking enforcement

Abandoned and untaxed vehicles have always been a particular issue in the London Borough of Hackney. The associated rules and regulations surrounding their safe removal can be complex and Redcorn offers a comprehensive end to end service and removes vehicles of a variety of sizes.

The vehicles in question are quickly removed from our streets. They are then often stored before being taken to their treatment facility where Redcorn de-pollute and destroys vehicles ready for recycling.

Our partnership with Redcorn is essential to the Council's ability to delivery statutory functions under the relevant legislation and without the assistance of Redcorn and their car pound facilities the Council would not be able to manage the vehicle community in an effective manner.

Yours Sincerely,

Halil Kucuk
Parking Taskforce Manager
