Site

The Sycamore *Acer* spp. tree T1, as marked on the plan, is situated in the rear garden of the property. It is publicly visible from Bedford Road and the junction of West Green Road.

A site visit was deemed necessary to determine the appropriateness of the proposed works.

The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

T1 - Sycamore Tree - Crown reduce by 2.5m and remove epicormic to the break.

Issues

I hold no objections to the proposed reasonable pruning works to the Sycamore T1.

The specification is within good arboricultural practice and husbandry.

I am familiar with the tree as there is recent case history. A tree preservation order was made in response to a Sec.211 Notice to fell the tree. The mature tree adds to the sylva of the area and has good amenity value.

Recommendation

No Objection
