Site

The T1 Holly and T2 Purple Leaf Plum trees, as shown on the plan, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Fortis Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T1 Holly - retrim to old levels

T2 Purple Leaf Plum - reduce to old reduction points maintaining furnishing growth.

Issues

I hold no objections to the repeat reasonable proposed tree works.

Both species generally respond well to such pruning works.
