

# PROTECTED TREE REPORT (TREE WORKS)

Haringey Council, L4, Alexandra House, Station Road, N22 7TY

|                    |                                                                                                                                                                                                                          |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application number | HGY/2023/1017                                                                                                                                                                                                            |
| Application type   | Conservation Area Notification                                                                                                                                                                                           |
| Site Address:      | 41 Coleridge Road, Hornsey, London, N8 8EH                                                                                                                                                                               |
| Proposal           | T1) Lime on rear garden boundary: Re-pollard back to previous reduction framework.<br>T2) Pittosporum: Reduce back on neighbours side to bring into a uniform and consistent shape; trim top and sides by up to 1 metre. |

|                  |              |                                 |
|------------------|--------------|---------------------------------|
| RECOMMENDATION:  | No Objection |                                 |
| Application date | 12/04/2023   |                                 |
| Tree Inspector   | DM           | Date: 11 <sup>th</sup> May 2023 |

## **Site**

The Lime tree T1 and the Pittosporum are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

## **Proposal**

Tree works proposed:

T1) Lime on rear garden boundary: Re-pollard back to previous reduction framework.

T2) Pittosporum: Reduce back on neighbours side to bring into a uniform and consistent shape; trim top and sides by up to 1 metre.

## **Issues**

I hold no objections to the reasonable pruning works.

The Lime is repeat works. Limes generally respond well to such reductions.

The specification is within good arboricultural practice and husbandry.

## **Recommendation**

**No Objection**
