## **Site**

The Holly T1 and Sycamore T2 trees are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

## **Proposal**

Tree works proposed:

Holly (T1) - Reduce lateral branches by up to 1m to shape the tree.

Sycamore (T2) - Prune overhanging branches back to the boundary line (removing up to 1.5m branch length).

To let more light into the garden of no.5 priory gardens.

## **Issues**

I hold no objections to the proposed tree works.

The specification is within good arboricultural practice and husbandry.

## **Recommendation**

**No Objection**
