Site

The various mature trees, as marked on the plan, are situated in the communal grounds of the property. The majority are publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Tottenham Central Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Tree works as specified on accompanying schedule (please note that works to T1, T2, T3, T6, T7, T9, T10, T11, T12, T13, T22, T23, T24, T26, T28, T29, T30, T31 and T35 will be considered separately under application reference HGY/2023/1079, as these trees are protected by a TPO).

Issues

I hold no objections to the reasonable proposed tree pruning works.

A management survey has been carried out for the site. The schedule is standard specification within good arboricultural practice and husbandry.

Many of the Planes and Limes are high pollards that require repeat pruning back to the most recent points.

Recommendation

No Objection
