Dear Sarah,

Thank you for consulting us on the above planning application reference number HGY/2023/0658 for the forecourt upgrades including resurfacing, new bin store and boundary treatment alterations at 12 Bruce Grove, Tottenham, London, N17 6RA.

After reviewing the SuDS Strategy (Doc. Ref. 2443/01, dated 13th September 2022) and other related documents and drawings prepared by Civic Engineering, we have no comments, or, major concerns relating to the above captioned application.

We are therefore content with the submission, and if the proposed scheme is constructed and maintained as per the attached Flood Risk Assessment/Drainage Strategy report, we are satisfied that the impact of surface water drainage has been appropriately addressed.

Hope the above is helpful. However, please do not hesitate to contact me should you require any further information or clarification.

Best regards

Jason
