

Architectural drawings of a proposed porch extension for a two-story brick house. The drawings include a side elevation, a front elevation, and a set of dimensions.

Side Elevation: Shows a two-story brick wall with a gabled roof. The upper floor has a single window. The ground floor has a door with a small window. A dashed line indicates the proposed porch extension.

Front Elevation: Shows a two-story brick wall with a gabled roof. The upper floor has two windows. The ground floor has a large glass door with a small window. A dashed line indicates the proposed porch extension.

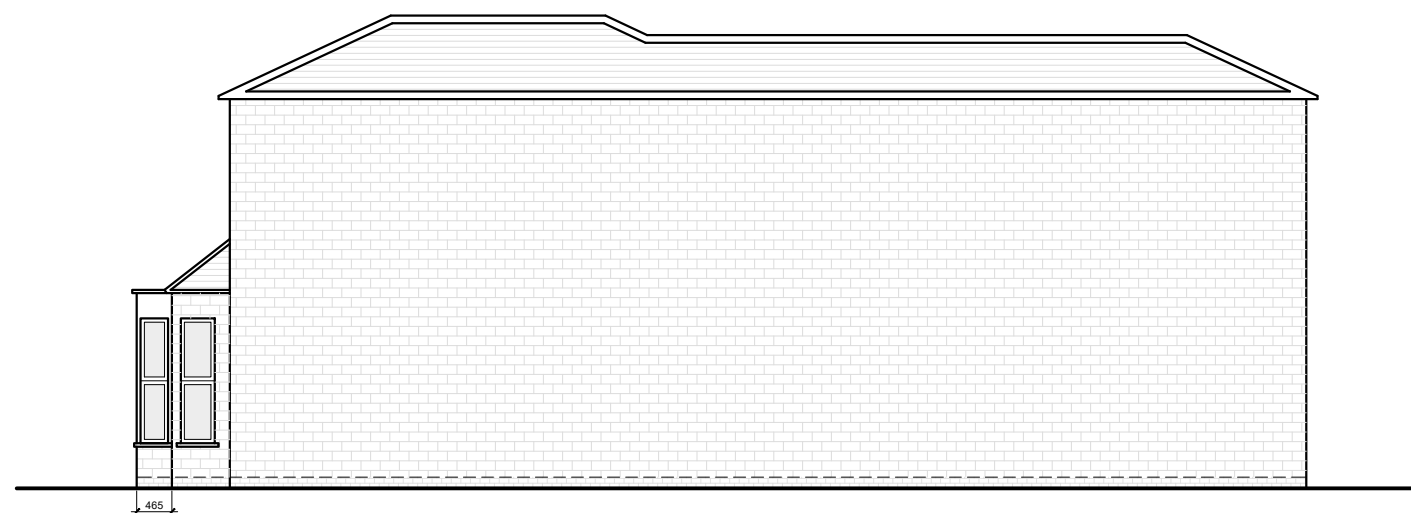

Dimensions:

- 1240: Proposed porch width
- 2130: Proposed porch depth
- 2130: Proposed porch depth

Notes:

- Existing roof remained
- Glass roof to porch
- New doors / windows to match existing
- Side window to be obscure
- New brick walls to match existing

FRONT ELEVATION PROPOSED
