Subject: Scout Park

This is an objection to Haringey's proposal to cut down a 200-year-old oak tree in the Scout Park. The tree has a TPO but this is being ignored. This is yet another act of vandalism by the council, when the tree can almost certainly be saved. You are just not trying hard enough to protect such a historic mature tree.

This is appalling and I read frequently about other wonderful old trees which suffer the same fate at the hands of the council, whose duty is to protect trees not vandalise them and denigrate the environment.

I urge you to take your responsibilities to the environment and tree protection more seriously; instead of taking the easy way out by cutting it down discharge your responsibilities to the neighbourhood and the environment by saving the tree, which is eminently within the council's powers.

Yours, appalled

Sarah McLachlan
