Site

The Lime T1 and Plane T2 trees are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T1- Lime tree- (18m)-Remove branches overhanging garden of number 431A Archway Road back to boundary, approximately 3m cut back.

T2- Plane tree-(22m)- Remove branches overhanging garden of number 431A Archway Road back to boundary, approximately 3m cut back.

Issues

I hold no objections to the proposed reasonable works.

This will be practicing common law right of pruning back to boundary only what can be reached from your side without trespassing unless another arrangement has been made with the landowner of the trees.

Any arisings should be offered back.

Both the Plane and Lime trees are high pollards.

Recommendation

No Objection
