Details of the pre-application advice received

The officer recommended that the application numbered HGY/2023/0384 be approved with conditions however the application was refused. The Officers Report made the following points that are relevant to this new application.

1. REPRESENTATIONS

1.1 No representations were received in response to notification and publicity of the application.

1.2 The following issue were raised by neighbours, local groups and Councillors: No responses

2 REASONS FOR REFUSING PERMISSION

2.6 and 2.11 The officers report indicated that the extension of the first floor side orangery would be acceptable.

2.10 It was suggested that the feature of the rear chimney stack be retained if possible. The officer acknowledged that this feature was not wholly consistent along the terrace. Emails were exchanged regarding the chimney stack and the officer suggested that if a reasonable explanation could be provided to justify removing the stack approval might be acceptable. The submitted Design and Access Statement deals with this matter.

2.12 The officers suggested that the third floor element of the extension be removed - This has been done.

The officers suggested that the first floor element be limited to a maximum depth of 2.1 metres. - This has been done.

The submitted application now reflects favorably all of the recommendations made.
