Site

The Cypress tree T1, as shown on the sketch and photograph, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

T1: Cypress (12m): Reduce height by 2-3m to reduce risk of branches snapping out and to keep tree at a size suitable for its location.

Issues

I hold no objections to the proposed pruning works that will curtail the growth of the tree.

Recommendation

No Objection
