Site

The Oak tree, as seen in the photographs, is situated in the rear garden of the property. It is not publicly visible.

A site visit was deemed necessary to determine the appropriateness of the proposed works (18/05/2023 at approximately 11:30am).

The tree is protected by a Tree Preservation Order (TPO)

Proposal

Tree works proposed.

Oak – Remove low horizontal branches growing to the north to a height of 4.5-5m from ground level

Reduce the mid and upper crown spread on the north side of the crown by 1.8-2.5m to form an even flowing silhouette

Maintenance work in line with good Arboricultural practice.

Issues

I hold no objections to the proposed reasonable works that are within good arboricultural practice and husbandry.

There had been slight confusion to the trees, but this has been confirmed and resolved from a site visit.

There has been an objection on the Portal. I have tried to contact them but have had no reply. Just as a courtesy it would be advisable to inform the adjacent properties of the intended work.

Recommendation

No Objection
