SITE DESCRIPTION

The subject site is a three storey, semi-detached dwelling located on the north-eastern side of Park Road. The site is not within a Conservation Area.

PLANNING HISTORY

The planning history of the site has been taken into account when coming to this decision.

CONSULTATION RESPONSES

No representations were received in response to the notification and publicity of this application.

REASONS FOR GRANTING PERMISSION

This application proposes the replacement of an existing rear conservatory with an 'L' shaped rear extension. The extension would infill the gap between the neighbouring boundary and the original three storey outrigger, extending 8.62m in depth. Where adjoining the outrigger, the height measures 3m, sloped to 2m at the eaves where meeting the boundary. The proposal extends 5m in depth beyond the rear elevation of the outrigger which measures 3.3m in height to the top of the parapet wall.

The proposed extension is to be constructed in materials which would match the original materials used in construction of the dwelling. The proposal is considered proportionate and subordinate to the host building and is in keeping with the pattern of development in the area. Therefore, the local character and visual amenity of the area will be protected.

The proposal is limited in height where sited close to a shared boundary and is considered a neighbourly form of development. Due to being semi-detached, there is significant distancing from the other neighbouring boundary, limiting any impact such an extension would result in if closer. The height, depth and placement of the extension would not result in a material loss of sunlight or daylight or have an overbearing appearance to the neighbouring property. There will be no material loss of privacy to neighbouring properties. The proposal is acceptable in amenity terms.

The proposed development is in general accordance with Policies DM1, DM9, and DM12 of the Development Management, Development Plan Document 2017, and policies SP11 and SP12 of Haringey's Local Plan Strategic Policies 2017. The proposed development also accords with the relevant policies of the London Plan 2021 and the NPPF.

All other relevant policies and considerations, including equalities, have been taken into account. Planning permission should be granted for the reasons set out above.
