

File note – refuse plan

Job ref.	115222-100/43/GBM/AJC
Date	09 February 2023
Subject	White Hart Lane – Refuse Plan

The refuse plan for the Arch Co property at White Hart Lane will be as follows:

Arch three is proposed to be used as a bin store. Within that store there will be six 360l wheelie bins with dimensions of 610 x 880 x 1098 mm – see floor plan showing dedicated refuse area. These bins shall be brought out on collection day and returned once they have been emptied.

We would like for the bins to be collected every other day by the council. This would be Monday, Wednesday, Friday, and Sunday.

There is a layby outside of the unit which can be briefly used by the refuse lorry during collection. Please see the photo below and floor plan showing proposed location. The bins will be brought out, collected, and then returned to ensure that the streets remain tidy for pedestrians.
