Site

The G1 Cypress and Laurel and T1 Ash trees, as marked on the sketch plan and photographs are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

G1- Cypress and Laurel hedge on right-(5m)- cut to ground level.

T1- Ivy clad Self seeded Ash tree on right- (12m)cut to ground level.

Issues

I hold no objections to the proposed tree works.

No reason has been given to the removal of the vegetation and self-set Ash tree however, they are low grade and not worthy of a tree preservation order.

Recommendation

No Objection
