| Application type   | Conservation Area Notification                                                                                                                                                                                                                                                                                                                                       |
| Site Address:      | 41 Rosebery Road, Hornsey, London, N10 2LE                                                                                                                                                                                                                                                                                                                           |
| Proposal           | Tree is a Laburnum. One limb of the tree has grown across the back boundary of the rear garden such that replacement of the fence with any fence higher than approx. 3ft is not possible. We are seeking to remove/cut back the limb in question so that it is within our boundary to allow the installation of a standard height fence to provide suitable privacy. |

|                  |              |                                |
|------------------|--------------|--------------------------------|
| RECOMMENDATION:  | No Objection |                                |
| Application date | 15/06/2023   |                                |
| Tree Inspector   | DM           | Date: 5 <sup>th</sup> May 2023 |

## **Site**

The Laburnum tree, as marked on the plan and seen in the photograph, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Alexandra Park Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

## **Proposal**

Tree works proposed:

Tree is a Laburnum. One limb of the tree has grown across the back boundary of the rear garden such that replacement of the fence with any fence higher than approx. 3ft is not possible. We are seeking to remove/cut back the limb in question so that it is within our boundary to allow the installation of a standard height fence to provide suitable privacy.

## **Issues**

I hold no objections to the proposed reasonable works.

Laburnums are generally short lived. From the submitted details the Laburnum is not worthy of a tree preservation order.

## **Recommendation**

**No Objection**
