

Planning application at Alexandra Palace:

HGY/2023/1411. Skywalk Adventure at Alexandra Palace

Submission from the Alexandra Park and Palace CAAC

The APPCAAC has considered this application and makes the following comment in support.

Comment:

The CAAC was consulted over this proposal last year and agreed to the idea in principle. We have reviewed the detailed proposal and give it our support.

The scheme does not damage or impair the historic fabric of the building and on the positive side, it should enhance experiences of the Palace and the Park for more adventurous visitors.

Colin Marr – Chairman APPCAAC
