Principle of development

1. DPD Policy DM7 sets out that there will be a presumption against the loss of garden land unless it represents comprehensive redevelopment of a number of whole land plots, which is not the case here.

2. Even so, the same policy lays out various requirements that offer the potential for infill, backland and garden land proposals to be considered positively. In this instance the dwelling as proposed would appear ancillary/ subordinate in scale sitting with in a newly created plot of acceptable size, with a sizeable expanse of garden left with the house No 189.

3. As discussed further on the scheme as now presented is a more sensitive response to the built and natural features of this immediate area. As referred to above it is noted that there is later infill development sitting immediately next to the application site.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

*** "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.**

**** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.**

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.
