This proposed site runs along the east side of Winchester Place between a number of garages and the modern grey house at 16 Winchester Place. This location is the back yard boundary line of 66 Cromwell Avenue.

The proposed design is keeping with traditional designs found on Winchester Place and Cromwell Avenue, and Cromwell Place. Materials to be used are red stock brick and black metal. We've attached pictures of nearby bricks and gates for your convenience.

First and perhaps most importantly, the design behind this proposal is to add security to the homes affected by not having a fence or wall along this boundary line. At the moment the backyard of 66 Cromwell Avenue is totally open and accessible for anyone to enter. The security of the residents living at 66 Cromwell Ave, 64 and 66 Cromwell Ave., and 16 Winchester Place is compromised due to the lack of any boundary wall running along the public footpath and street. This proposal addresses the issue. Our proposal is to build a red brick wall that deters people from entering the private property and it'll define private property from public property. The brick wall will increase the safety of all property owners whose yards and homes are exposed.

This proposed red brick wall, please see attached CAD drawings, matches the simple wall designs found on Winchester Place and will provide much needed privacy for the owners of 66 Cromwell Avenue and the residents living on Winchester Place. Shrubs and vines will be planted to increase privacy and beautify the space.

A sliding black metal gate will run along the owner's property. When in the closed position it will be located over an existing cut curb for an off-street car park, and when open, it'll be behind the proposed brick wall.

Amendments Summary

Dear Haringey Planning Services,

Per your request, a new Site Plan Document has been added to the application. It shows the proposed wall location in comparison to the site boundaries. Dimensions are included, as well as existing tree, and no new hard services are being proposed. Document 12.pdf, which was not legible, was deleted, as it served no purpose after including the detailed Site Plan Document created specifically for your needs. All CAD drawings, labelled Figure 1, 2 etc, include dimensions per your request. If I can be of any assistance please don't hesitate to contact me.

Beth K.
