Site

The Cypress G1 and Ash T1 trees, as marked on the sketch plan and shown in the photographs, are situated in the rear garden of the property. They are not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Crouch End Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

G1- Cypress and Laurel hedge on right-(5m)- cut to ground level.

T1- Ivy clad Self seeded Ash tree on right- (10m)- to ground level.

Issues

I hold no objections to the proposed removals. The trees are low grade, and not worthy of a Tree Preservation Order (TPO) when using a methodology to rate their worthiness for a TPO.

Recommendation

No Objection
