Site

The Elder tree T1, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Stroud Green Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

4m tall elder, only just big enough to be protected by the conservation area. In back garden which has multiple other trees. This is a low amenity tree in poor condition that is damaging the boundary fence. Propose to remove and replace with shrub(s).

Issues

I hold no objections to the proposed removal of the Elder tree. The tree is low grade (not worthy of a Tree Preservation Order) and has no public visibility.

Recommendation

No Objection
