K10 9TA

Our ref: CB3902KF/W0045

Date: 29/03/2022

Dear Sir / Madam

Environmental Permitting (England and Wales) Regulations 2016

Deployment ref: CB3902KF/W0045

Permit holder: Keltbray Environmental Materials Management Limited

Location of the deployment: Clarendon Phase 3B, Mary Nuener Road, Wood Green, N8 0JU,

Following assessment of your deployment notification reference number CB3902KF/W0045 I can confirm that we have agreed your deployment form and you may now start to operate.

This deployment lasts for one year from the date the activity starts on site. If you wish to continue beyond this one year period you must re-notify.

You must comply with your permit and carry out the activities in accordance with the requirements of the agreed deployment form and

- further information received by us on 08/03/2022 at 09:46 hrs, including an updated site plan, discharge consent notice, updated competence certificates and cross section of bund drawings.

-

You must seek written permission from us if any of the details provided in the deployment form change.

This approval letter is associated with the mobile plant permitting regime only. As the operator, it is your responsibility to agree other authorisations, for example, planning permission, remedial strategy, abstraction or discharge consents with the relevant regulatory authority.

Please note that operating under your Mobile Plant Permit / Mobile Treatment Licence does not imply that the remediation processes used will be suitable for meeting any remediation objectives specified. These issues must be considered separately by the developer/consultant and our local area Groundwater and Contaminated Land team. These must be defined in the site remedial strategy which sets out the remediation options to reduce or control the risks from pollution linkages associated with the site as a whole. You

may need to carry out further remediation if an unacceptable risk to the environment remains at the site.

Please notify us at least seven days prior to starting the remediation activities, at psc@environment-agency.gov.uk & NET_EMLandandWater@environment-agency.gov.uk

If you have any queries about this matter please contact us by telephone on 03708 506 506 or email us at enquiries@environment-agency.gov.uk quoting your deployment application reference CB3902KF/W0045.

Yours faithfully

Maria Gibbons
Team Leader,
National Permitting Service
