Site

The Almond tree, marked Tree 1 on the sketch and shown in the photographs, is situated in the rear garden of the property. It is not publicly visible.

A site visit was not deemed necessary to determine the appropriateness of the proposed works.

The location is also within the Highgate Conservation Area. This protects every tree with a diameter at breast height (taken at 1.5m) >75mm.

Proposal

Tree works proposed:

Almond tree in rear garden

Tree has grown at an angle and is heavily weighted on one side. Home owner thinks tree is gradually getting lower.

I would like to reduce the 2 lower branches by 2 meters, one of the main upright branches has included bark, I would like to reduce this branch by up to 2 meters

The rest of the tree would be reshaped, this could be achieved by reducing selective branches by up to 1 meter.

Issues

I hold no objections to the proposed reasonable works.

The specification is within good arboricultural practice and husbandry.

Recommendation

No Objection
